Project Name: Monroe Street Phase III Improvement Project

Recipient: Sandy City

Address: 10000 S. Centennial Pkwy, Sandy, UT 84070

Amount Requested: \$5,000,000

Project Explanation: The funding would be used to help complete Monroe Street, which will provide access to transit, commercial, residential, and entertainment locations. Currently, this area is home to the popular attractions like the Hale Centre Theatre, the Real Salt Lake America First Field, Utah Hockey Club Headquarters and Training Facility, Mountain America Exposition Center, American Express Corporate Office and many other employment centers. The project is an appropriate use of taxpayer funds because improved transportation infrastructure will be critical for the future planned growth of this area, which is planned to accommodate an additional twenty thousand residents.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Monroe Phase III Improvement project in Fiscal Year 2026. The entity to receive funding for this project is Sandy City, located at 10000 S Centennial Pkwy Sandy, Utah 84070. The funding would be used to help complete Monroe Street, which will provide access to transit, commercial, residential, and entertainment locations. Currently, this area is home to the popular attractions like the Hale Centre Theatre, the Real Salt Lake America First Field, Utah Hockey Club Headquarters and Training Facility, Mountain America Exposition Center, American Express Corporate Office and many other employment centers. The project is an appropriate use of taxpayer funds because improved transportation infrastructure will be critical for the future planned growth of this area, which is planned to accommodate an additional twenty thousand residents.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C.5305(a)(1).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mike Kennedy, M.D.
Member of Congress
