Project Name: Park City Electrical Transmission Line Relocation Project

Recipient: Park City Municipal Corporation

Address: 445 Marsac Ave, PO Box 1480, Park City, UT 84060

Amount Requested: \$2,000,000

Project Explanation: The funding would be used to underground transmission lines allowing the city to redevelop a 5-acre property for economic development and affordable housing. The project is an appropriate use of taxpayer funds because undergrounding reduces the risk of wildfires and the property will help overhaul a light-industrial and environmentally impacted area through a public-private redevelopment anchored by additional affordable housing, and businesses.

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Park City Electrical Transmission Line Relocation Project in Fiscal Year 2026. The entity to receive funding for this project is the Park City Municipal Corporation located at 445 Marsac Ave, PO Box 1480, Park City, UT 84060. The funding would be used to underground transmission lines allowing the city to redevelop a 5-acre property for economic development and affordable housing. The project is an appropriate use of taxpayer funds because undergrounding reduces the risk of wildfires and the property will help overhaul a light-industrial and environmentally impacted area through a public-private redevelopment anchored by additional affordable housing, and businesses.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mike Kennedy, M.D. (UT-03)

Member of Congress
